

# **CPS Technologies Corporation (CPS)**

is the world leader in manufacturing metal matrix composites used for thermal management in electronics. We are a high-tech company on the leading edge of composites. We are seeking a:

## **CONTINUOUS IMPROVEMENT LEADER & TRAINER**

Do you have lean manufacturing skills? A passion for improvement? Are you a teacher at heart? A great problem solver? Do you like to help people grow? Do you want to work for a great company, belong to a great team, and love your job?

The Continuous Improvement Leader will be responsible for developing people by providing lean training and engaging our workforce in continuous improvement activities.

Prior experience in a lean manufacturing environment with two to four years' experience as a trainer is preferred. A lean certificate and / or Six Sigma - Green or Black belt is a plus, as is an engineering background. The ideal candidate will have hands-on experience as a lean trainer and be able to facilitate kaizen events. This position demands excellent communication and problem solving skills.

CPS Technologies offers a competitive benefit package and an excellent working environment. Salary range: \$50K to \$75K. To learn more about CPS, visit us on the web at: [www.alsic.com](http://www.alsic.com)

**CPS Technologies Corporation,  
111 South Worcester Street, Norton, MA 02766**
